

**PTO Meeting 10-4-16**  
**Tuesday 8:15 am**

**MOE Hickey**

- Focusing on properly funding our schools in Utah. 55th in funding in the nation. WE are falling further behind. 450 behind idaho (49th). Shortfall in ut or teachers. Equalization state taking funds from PC and putting into other parts of the state. PC contributes 19 other districts 100%- 2M. PC is slightly below funding per student. Concentrate on PC being funded properly. Paying less now for education than in 2012. Funded by 2nd home owners. We won't be getting help from the state. Parley's feeling pressure form growth. 200 new students in the distict this year. Capital needs needs. Leaning towards Prek-6 in elementary.

Bond - Capital raised locally. Other highschoools refusing to play at PC bc the gym is so old (1973) - parts of the high school need to be redone. Wants 16M to extracurricular. Run a bond that is academic only. 15% of parents voted for the bond. ONLY. Lower turnout in the 2 yr election. We have the resources if we put them in the right place. Park city should be putting the resources in their students. Added 12 new teachers this year.

Why don't we have the resources for our dyslexic children or reading programs?  
Different philosophy. Starts with the board. Financial strength.

**DAVID**

- Would like to see District employees in our building as well.  
-Feedback on Apex, after 2 years, sense is not the way we want to go. Looking at how we can do that a little better and ready to look at some other options.  
- Thoughts for next year. Hiring teachers that are well trained and getting a great core in our building. Teachers wanting to get better and start looking for teachers a year or two ahead of time. Love the international teachers and that our children get to hear the different accents from many countries.  
-District shortfalls. Allowing principals more autonomy and then holding them accountable for their decisions. Each school needs their own process with their own budget. Hired as many aides as last year plus one. Floating aide to help with subbing.

**APEX**

- Do not like prize driven fundraiser or a corporate run event.  
- Annie and Amanda are co-chairing our first annual parent run fall run next year.
